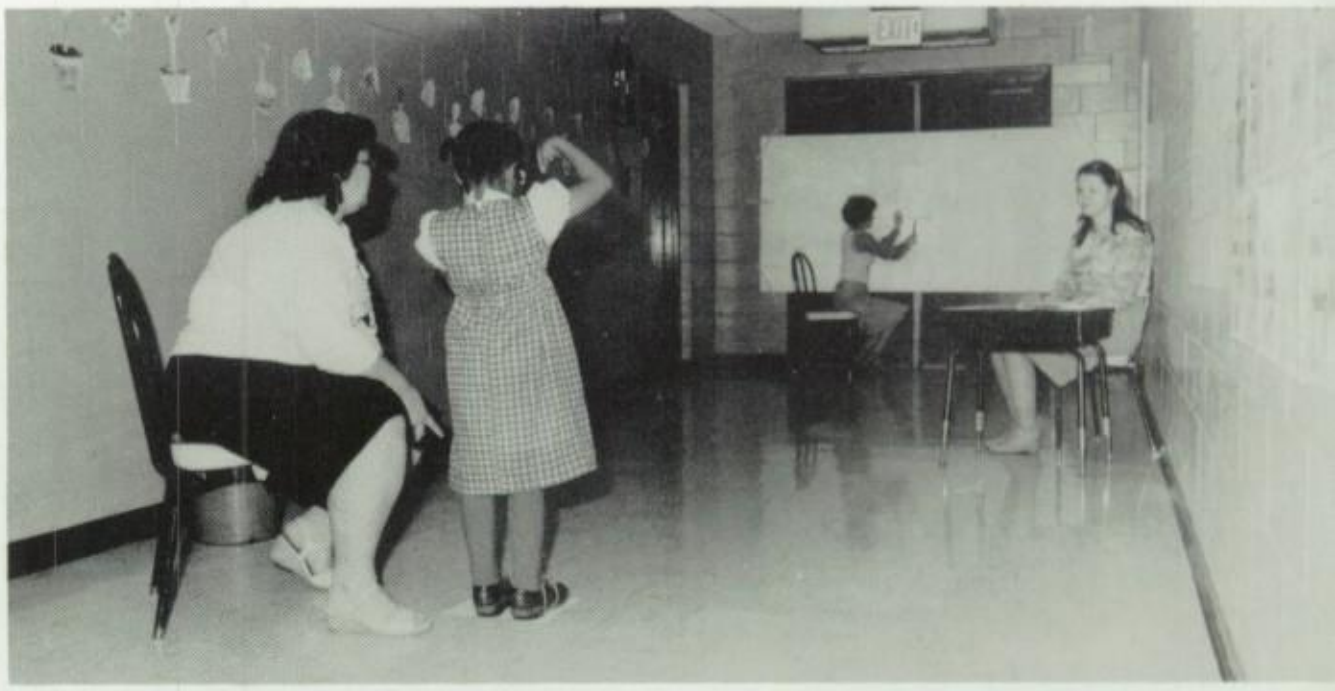
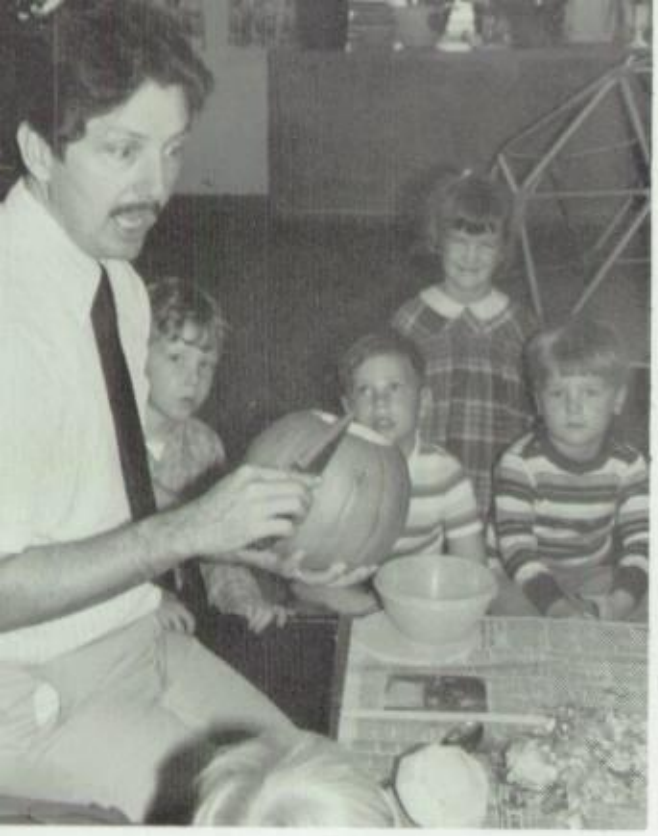
DEDICATION

The 1983 ANGELOS is gratefully dedicated to all of our families who faithfully support and promote Suburban Baptist Schools. It is your dedication and contributions that have enabled us to grow and fulfill the ministry the Lord has laid on our hearts.



42
A



A COMMITMENT TO FAMILIES

"And these words, which I command thee this day, shall be in thine heart: And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up."

Deuteronomy 6:6 & 7

Scripture clearly gives the privilege and responsibility of the education of children to their parents. The school does not relieve parents of that responsibility, but rather is to work with them to train children. Involved parents can enter the educational process in many ways: overseeing homework, assisting with memorization and special projects, making regular contacts with teachers, and visiting the school. Our informed parents are more often more satisfied participants.

Families committed to an education centering on God's truth and discipline anxiously involve themselves with reaching out to others to make them members of the school family.

Learning about each other, developing bonds, and sharing burdens helps build a family spirit in the school. Students are taught respect for their Christian brothers and sisters. This year we sensed a family-like love in our school as never before.

It is a privilege to share our family with you on these pages.

CHAPEL PROGRAMS DESIGNED WITH EVANGELISTIC EMPHASIS

The four weekly chapels at Suburban are designed to help our students grow spiritually. There are chapels for the Kindergartens, lower elementary, and upper elementary held once each week. Junior and Senior High students meet for chapel three times per week. A variety of programs are planned to interest our students.

Pastor Stringer captures the attention of our high school students.

Frank Garlock speaks at Symphony of Life Seminar.

Junior High choir sings in chapel before academic meets.

David McBeath and Michael Wombles recite verses.

Lower elementary students listen attentively to Sandie Hebron.

All Suburban students gather for a special chapel recognizing academic meet participants.

Scott Allen sings "Sailin' Home."

All kindergarten eyes are on Mr. George.

Lorri Conder (11), Piano Solo

Tony Ebeyer (7), Trombone Solo

Kim Ratliff (6), Poetry

I.A.C.S. ACADEMIC MEETS: CHALLENGES STUDENTS TO EXCELLENCE

First place ribbons in Speech are displayed by Erin Raasch (4), Melinda Stockton (4), Scott Allen (5), and Jill Thompson (5).

Suburban's Elementary Choir, under the direction of Mr. Jeff Miller, brought home a first place trophy for the third consecutive year.

The recognition of academic achievement is always desired by those who have given their lives to education. Since we have also given our lives to the Lord, our greatest desire is to please Him. Our Fourth, Fifth, and Sixth grades have had the opportunity to participate in the I.A.C.S. elementary academic meets for the last three years. This year our Junior and Senior High students entered for the first time. In these academic competitions, Suburban students have proven themselves to be among the best.

Left: Pleased with a first year performance, the S.B.S. Junior High Choir, directed by Mr. Jeff Miller, brought home a second place award.

Below: Five elementary students winning ribbons in academic areas are: Rachel Wiseman (4), Math; Jennifer Robinette (5), Creative Writing; Matthew Conder (6), Math; Dan Marse (5), Spelling; and Michael Wombles (5), Math.

Melinda Stockton (4), Poetry "It Couldn't Be Done"

Jill Thompson (5), Declamation "Jenny Entertains Sister's Beau"

Chris Blevins (5) and Kris Marion (6) Science Projects

FOURTH ANNUAL GREAT AMERICAN WEEK AT YE LITTLE SUBURBAN SCHOOLHOUSE

Jenny Robinette, Jill Thompson, Connie Burress, and Nicol Brewer portray colonial women.

Torrey Baughan as Mad Anthony Wayne

Sharon Heinrich argues the controversial ideas of Aaron Burr.

Brian McCrorie (alias Thomas Jefferson)

Fifth graders await announcement of first place.

Erin Raasch and Rachel Wiseman are cheerful Pilgrims.

Left: First grade trophy winner, Todd Bealer.

CHRISTMAS

Christmas is a very special time of year at Suburban Baptist School as we remember the birth of our Savior, Jesus Christ. We celebrated His birth in many ways this year. The Crusaders in Chorus gave a musical presentation at Glendale, classes had parties and gave gifts, and the highlight of the season was our Christmas program.

SUBURBAN
BAPTIST

SPIRIT WEEK

This year's spirit week was a huge success. Many students and faculty members participated in clash, western, and 50's days. Hall decorating and skit contests were enjoyed by all. The highlight of the week was homecoming with Sharon Heinrich crowned queen, and Bill Abell, king. Special recognition was given to parents of the basketball team members and cheerleaders.

PHYSICAL EDUCATION

The training of physical skills begins in K-4 with a variety of activities and relays teaching coordination and balance. This training continues and is further developed through the elementary and high school years. The young people are reminded that their bodies are the temple of God, and they are encouraged to keep them physical fit for His glory.

MUSIC GROUPS

This school year we were thrilled to see the growth and achievements in the area of music. For the third year in a row our Crusaders in Chorus received first place in the choir competition at the elementary academic meets. The junior high choir received a second place at their meets competing for the first time this year. Our intermediate band added an exciting dimension to the overall program of our school this year as well. All three groups performed throughout the year at various school functions and also at places in our community such as the nursing home and shopping center. Mrs. Connie Holik was the accompanist for both choirs, and all three groups were directed by Mr. Jeff Miller.

Mr. Miller, director, and pianist, Mrs. Holik

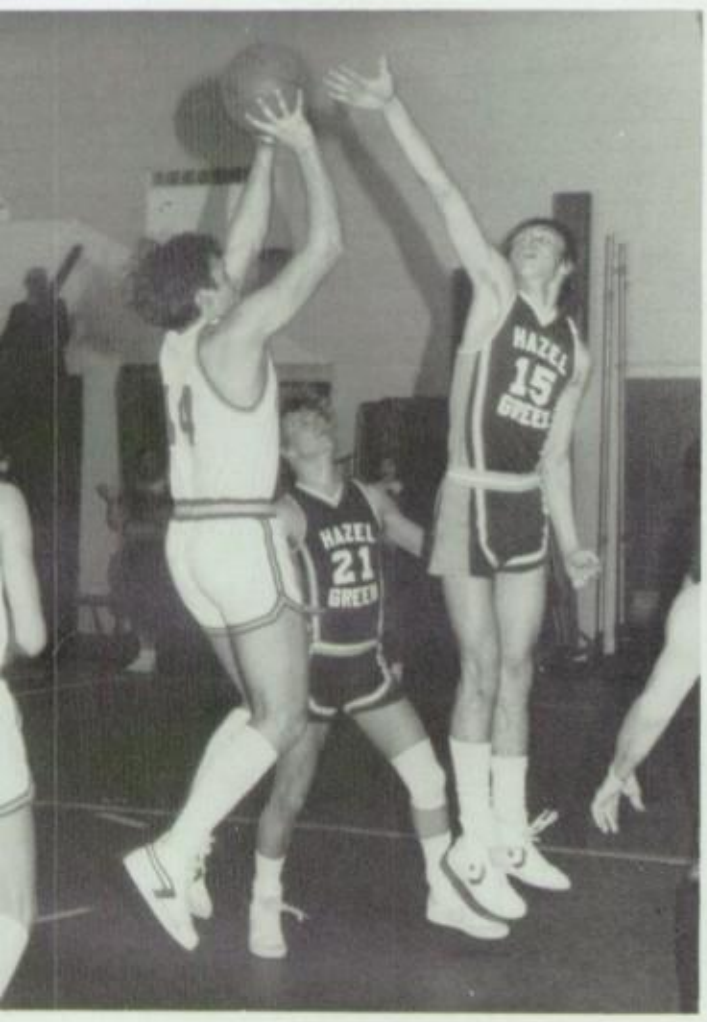
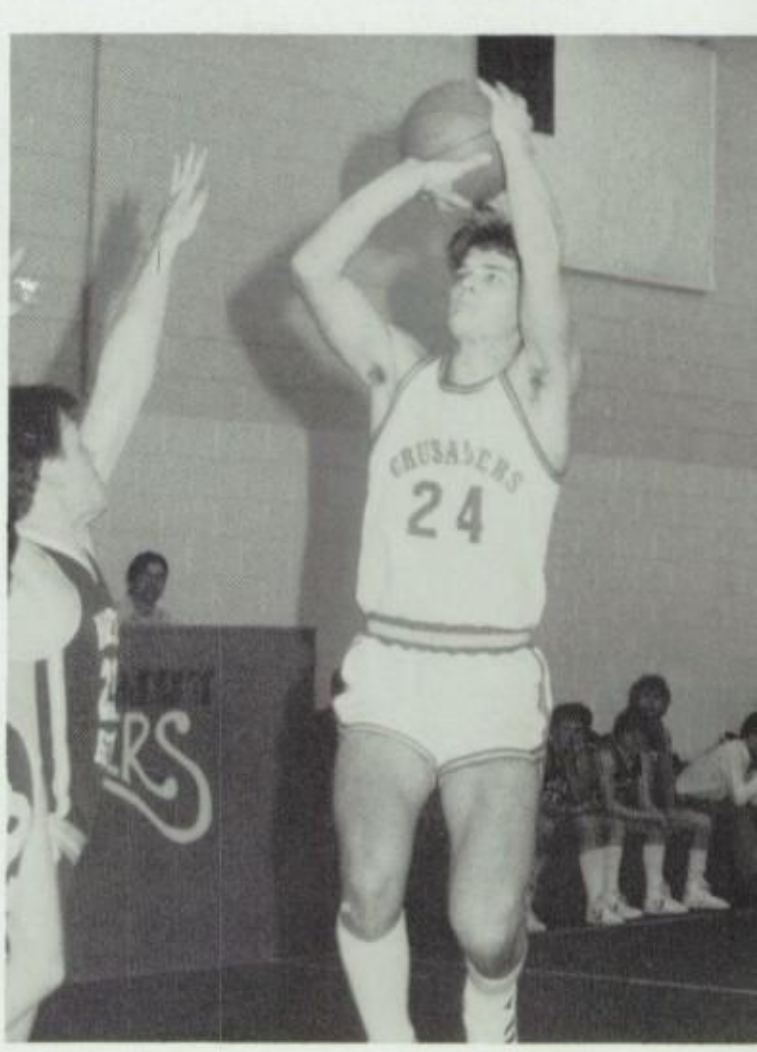
ATHLETES "RUN THE RACE"



Athletics at Suburban Baptist is an extension of the education. As Christians, all are to "run the race" of the Christian life (I Cor. 9:25). The goal of athletics as in the Christian life is to glorify God. While striving to achieve, an athlete can receive "an incorruptible crown" by honoring Christ through proper attitudes, words, and actions.

The first stretch of the race was the 1982 soccer season. The team finished with six wins and four losses and a ninth ranking in the state. The basketball season completed the course and was highlighted with a series of well-played games, resulting in a semi-state tournament victory.



ADMINISTRATION

Dr. Clinton Branine, as pastor of Suburban Baptist Church, directs and oversees the functions of the school with his spiritual leadership and guidance. Pastor Branine and Mr. Campbell, working together with the school board, have been given the privilege and responsibility of leading the school in the building of Christian lives.

Mrs. Branine is very involved in primary age Sunday school work. Pastor and Mrs. Branine's three children and their families are all actively serving the Lord.

Michael Campbell has served as principal for three years. He is responsible for the daily functions of the school, as well as overseeing the faculty and counseling students.

Mr. Campbell was ordained as a pastor of Suburban Baptist Church this year, adding to his responsibilities. His wife, Maggie, serves as part-time church secretary, and their two children, Michelle and Mark, are enrolled in S.B.S.

School Board Members: Earl Miller, Michael Campbell, Floyd Allen, Mike Smith, Warren Wilhoit, Clinton Branine, and Ron Abell (not pictured).

FACULTY

A kind and loving spirit was prevalent this year among our school family (students and staff alike). The tone was set, no doubt, by the faculty assembled around the unified goal of leading our students to a fuller understanding of God and His truth. This year's staff was made up of dedicated Christian leaders specializing in a variety of subjects and disciplines.

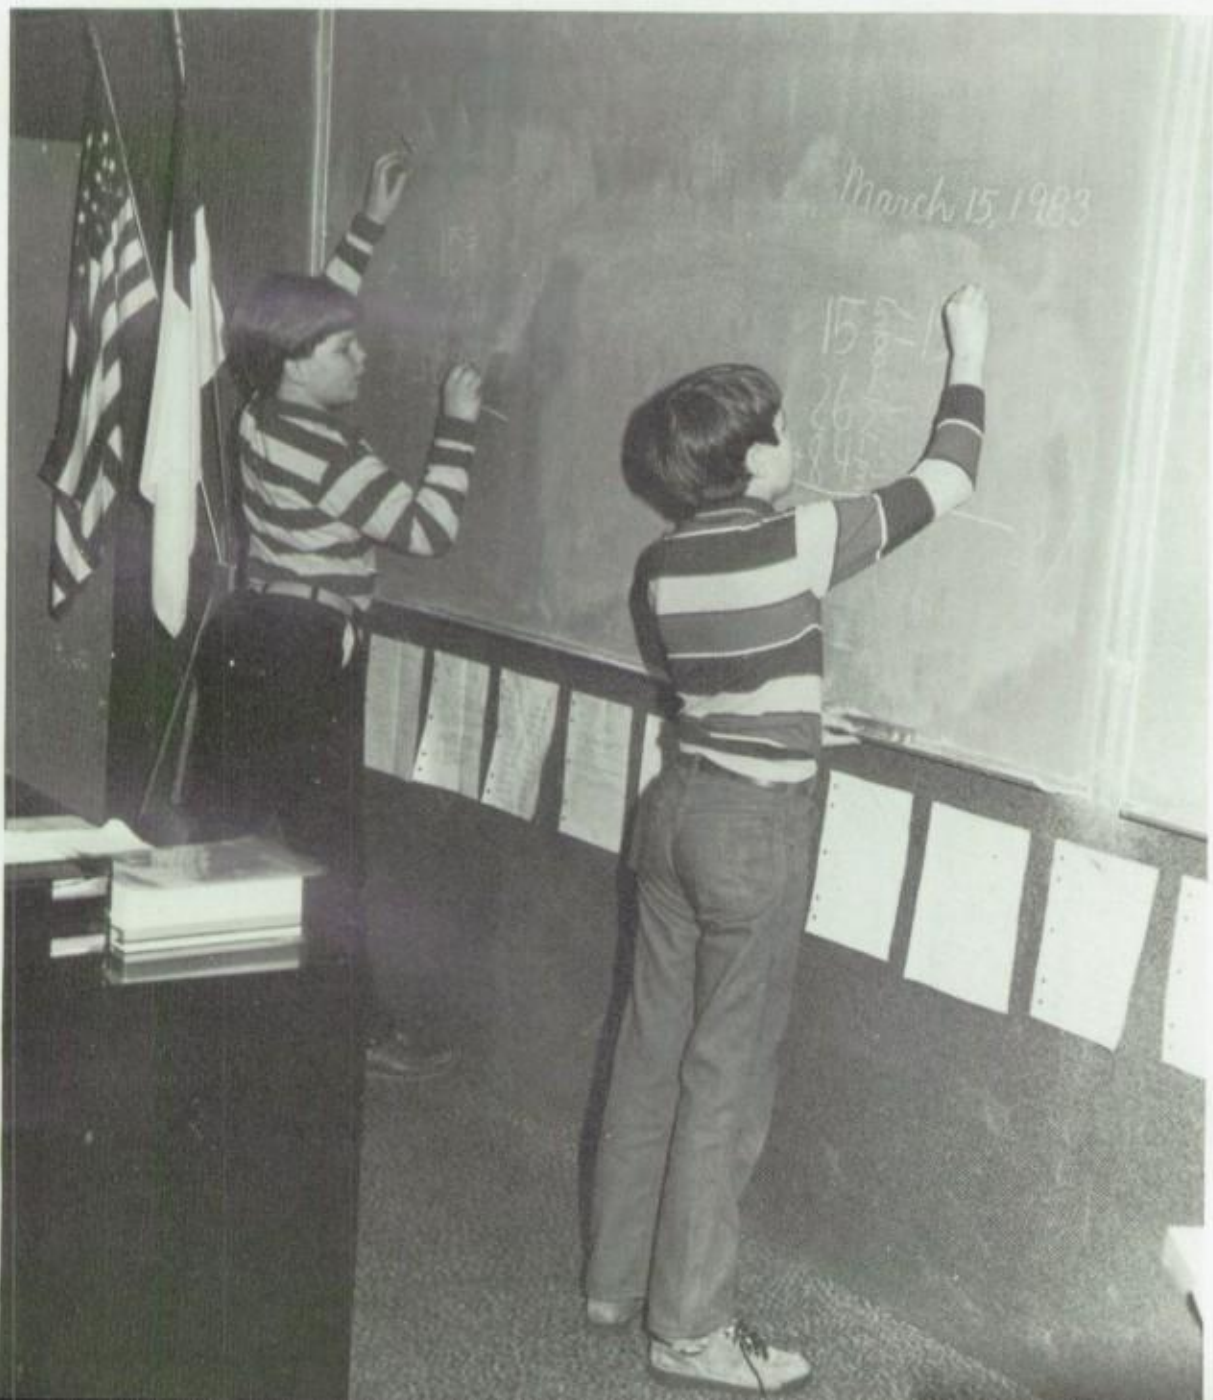
LEARNING TO BETTER SERVE GOD



In fifth grade students work to have well-trained, well-disciplined minds. They strive to learn to think accurately and rapidly and enjoy the good competition provided in their class.

SIXTH GRADE

The sixth graders have used their year to the fullest: studying and achieving in their academics, practicing and learning in music areas, and exercising and playing in p.e. Sharing and caring for each other has helped them to develop socially as well. The students have also had challenges and guidance for their spiritual lives within their daily curriculum. This well-rounded approach to education for not only our sixth graders, but all our students, will prepare them for what God might have in store for them in the future.

SEVENTH GRADE

Leaving elementary grades and entering the new and exciting world of junior high has opened for these seventh graders many challenging opportunities. For the first year in the history of our school we have a junior high choir and band program. The junior high academic meets were also a first for this age group, and many of the young people placed in the categories entered.

JR. HIGH — WHAT A GROUP!

At the beginning of the school year the junior high class went on an overnight field trip to Southern Indiana for an Indiana history trip. They toured old Vincennes, New Harmony, Lincoln's boyhood home, and Corydon. It was a good start to becoming a jr. high "family" unit which continued to grow throughout the school year.
